Mixed method	Description
Sequential exploratory	The QUALITATIVE method is followed by a QUANTITATIVE method. QUALITATIVE findings inform the QUANTITATIVE method; then, QUANTITATIVE results are mobilised to confirm and generalise QUALITATIVE findings.
Sequential explanatory	The QUANTITATIVE method is followed by a QUALITATIVE method. QUANTITATIVE results inform the QUALITATIVE method; then, QUALITATIVE findings are mobilised to interpret or explain QUANTITATIVE results.
Convergent (or parallel/concurrent)	QUANTITATIVE and QUALITATIVE methods are complementary during data collection, or data analysis, or both. Integration occurs during collection, or analysis, or collection and analysis, of QUANTITATIVE and QUALITATIVE data.
